

TnNET - Online Ad Network

50 Tennessee Newspaper Websites

Examples of Online Ad Sizes

Tennessee Press Service delivers!

Tennessee's Advertising Networks allow you to reach both print and online newspaper readers -- connecting your advertising message to the maximum number of Tennesseans!

TnNET is a group of Tennessee newspaper websites that place medium-rectangle size ads Run-of-Site for one low rate. Actual ad sizes are 300x250 pixels, 180x300 pixels, and 160x320 pixels. The newspapers have selected the size that fits their website, so all three sizes are needed. When there is more than one ad, the ads rotate. **TnNET** averages more than 800,000 impressions a month.

TnNET provides access to 50 Tennessee newspaper websites representing 52 Tennessee newspapers. Take advantage of our Special -- **\$750 per month. Space is limited.
